

A large, white iceberg with a jagged, layered top surface floats in a deep blue ocean. The iceberg's surface shows signs of melting and erosion. In the foreground, numerous smaller, white icebergs of various shapes are scattered across the water. The sky is a pale blue with some light clouds.

A CHALLENGE FOR SUSTAINABLE FASHION.

# TRP RESCUED DOWN

Eco-friendly high-quality down  
collected from post-consumer products,  
washed, and sterilized and repurposed.

COLLECTED

WASHED

A large, industrial-grade sterilization chamber, likely used for medical or pharmaceutical purposes, is shown in a factory or laboratory setting. The chamber is a large, rectangular metal box with a diamond-patterned surface. It is surrounded by complex piping and machinery. The word "STERILIZED" is overlaid in large, white, sans-serif capital letters across the center of the image. The background shows a high-ceilinged industrial facility with various pipes and structural elements.
